

## BCBSTX Prescription Drug Look up

- Visit webpage <https://www.myprime.com/en.html>
- On top left, click on “Medicines” and scroll down the menu to “find Medicines”
- If a window pops up asking you to sign in, just click “continue without signing in” at the bottom of the window
- Another window will pop up. It will ask you to select your plan, which will be “BCBS Texas”, then say “NO” to “Are you a Medicare Part D member” and last “What is your health plan type” you will select “Other BCBSTX Plans”
- You will select the drug list “BCBSTX Health Insurance Marketplace 5 Tier Drug List” from the drop-down menu
- Click continue
- You will then type in your medication, and it will load underneath the search bar. Click on the correct spelling
- Select your dose and click “Submit”
- The results will let you know what Tier it is in, and the estimated price
